

COVID 19 Policy Statement

Kilglass National School is committed to providing a safe and healthy workplace for all our staff and a safe learning environment for all our pupils. To ensure that, we have developed the following COVID-19 Response Plan. The BOM and all school staff are responsible for the implementation of this plan and a combined effort will help contain the spread of the virus. We will:

- continue to monitor our COVID-19 response and amend this plan in consultation with our staff
- provide up to date information to our staff and pupils on the Public Health advice issued by the HSE and Gov.ie
- display information on the signs and symptoms of COVID-19 and correct hand-washing techniques
- agree with staff, a worker representative who is easily identifiable to carry out the role outlined in this plan.
- inform all staff and pupils of essential hygiene and respiratory etiquette and physical distancing requirements
- adapt the school to facilitate physical distancing as appropriate in line with the guidance and direction of the Department of Education and Skills
- keep a contact log to help with contact tracing
- ensure staff and pupils engage with the induction / familiarisation briefing provided by the Department of Education
- implement the agreed procedures to be followed in the event of someone showing symptoms of COVID-19 while at school
- provide instructions for staff and pupils to follow if they develop signs and symptoms of COVID-19 during school time
- implement cleaning in line with Department of Education advice

All school staff will be consulted on an ongoing basis and feedback is encouraged on any concerns, issues or suggestions.

This can be done through the Lead Worker Representative(s), who will be supported in line with the agreement between the Department and education partners.

Lead Worker Representative

The Work Safely Protocol is designed to support employers and workers to put measures in place that will prevent the spread of COVID-19 in the workplace. The Protocol was developed following discussion and agreement between the Government, Trade Unions and Employers at the Labour Employer Economic Forum.

The Protocol provides for the appointment of a Lead Worker Representative (LWR) in each workplace. The LWR will work in collaboration with the employer to assist in the implementation of measures to prevent the spread of COVID -19 and monitor adherence to those measures and to be involved in communicating the health advice around COVID19 in the workplace.

The purpose of this section is to set out the provisions in respect of the LWR in schools. The operation of these arrangements will be kept under review by the parties.

This document should be read in conjunction with:

- the Work Safely Protocol;
- the Guidance and FAQs for Public Service Employers during COVID-19;
- COVID-19 Response Plan for Primary and Special Schools (available on the Department of Education website).

1. Collaborative Approach

Responsibility for the development and implementation of the COVID-19 Response Plan and the associated infection prevention control measures lies primarily with the Board of Management and school management.

Strong communication and a shared collaborative approach is key to protecting against the spread of COVID-19 in schools, and looking after the health, safety and wellbeing of staff and students. Adherence to the Return to Work Protocol will only be achieved if everyone has a shared responsibility in implementing the measures contained within the Protocol in their place of work.

If a staff member has any concerns or observations in relation to the COVID-19 Response Plan, control measures or the adherence to such measures by staff, students or others, they should contact the LWR who will engage with school management.

2. Role of the Lead Worker Representative

In summary, the role of the LWR is to:

- Represent all staff in the workplace regardless of role, and be aware of specific issues that may arise in respect of different staff cohorts;
- Work collaboratively with school management to ensure, so far as is reasonably practicable, the safety, health and welfare of employees in relation to COVID-19;
- Keep up to date with the latest COVID-19 public health advice;
- In conjunction with school management, promote good hygiene practices such as washing hands regularly and maintaining good respiratory etiquette along with maintaining social distancing in accordance with public health advice;

- Assist school management with the implementation of measures to suppress COVID-19 in the workplace in line with the Return to Work Safely Protocol and current public health advice;
- In conjunction with school management, monitor adherence to measures put in place to prevent the spread of COVID-19;
- Conduct regular reviews of safety measures;
- Report any issues of concern immediately to school management and keep records of such issues and actions taken to rectify them;
- Consult with the school management on the school's COVID-19 Response Plan in the event of someone developing COVID-19 while in school including the location of an isolation area and a safe route to that area;
- Following any incident assess with the school management any follow up action that is required;
- Consult with colleagues on matters relating to COVID-19 in the workplace;
- Make representations to school management on behalf of their colleagues on matters relating to COVID-19 in the workplace.

3. What can a Lead Worker Representative Do?

The LWR may consult with, and make representations to, school management on any issue of concern in relation to COVID-19. These include issues in relation to:

- Cleaning protocols and their implementation
- Physical Distancing
- Implementation of one-way systems in the school to ensure social distancing including when entering and exiting the school
- Hand Hygiene facilities including their location and whether they are stocked and maintained
- Hand sanitising
- Staff awareness around hand hygiene in the school
- Respiratory hygiene
- Personal Protective Equipment
- At Risk Groups
- Visitors/Contractors

4. Does a LWR have any legal responsibilities?

No. A Lead Worker Representative does not have any duties in relation to COVID-19 other than those that apply to employees generally. In other words, the LWR is not responsible for the control measures within an organisation, which remains the employer's responsibility.

5. Lead Worker Representative

Every school will appoint one Lead Worker Representative.

6. Deputy Lead Worker Representative

In schools with less than 30 staff, a Deputy Lead Worker Representative will be appointed in addition to the LWR. The role of the Deputy LWR will be to deputise as LWR where the LWR is absent.

7. Selection of Lead Worker Representative/ Deputy LWR

The school staff are entitled to select staff members for the LWR and Deputy LWR positions as appropriate. The LWR/ Deputy LWR represents all staff in the workplace regardless of role and must be aware of specific issues that may arise in respect of different staff cohorts. In this regard, if a teacher is selected for the role of LWR, then the Deputy LWR should be selected from the non-teaching staff where feasible and vice versa.

The process for the selection and appointment of the LWR/ Deputy LWR as appropriate should be arrived at by consultation and consensus at school level, through the seeking of volunteers to act in that capacity. Where there is more than one volunteer, all school staff should vote to select the LWR/ Deputy LWR

The LWR/ Deputy LWR will, following selection by the school staff, be formally appointed by the employer. LWR/ Deputy LWR will be required to confirm, prior to taking up the role, that they have completed the provided training and that they are fully aware of the requirements of the role.

8. Supports for the Lead Worker Representative/ Deputy LWR

The LWR/ Deputy LWR shall be entitled to:

- Receive information and training in respect of their role [*further detail to be provided*];
- Be consulted by school management on the control measures being put in place by the school to minimise the risk of being exposed to COVID-19;
- Regular communication with school management on issues related to COVID-19;
- Be informed of changes in practice arising from COVID-19 response measures;

Where the LWR is a teacher (including a postholder), the 10 Croke Park hours which can currently be used for planning on other than a whole school basis will be utilised by the LWR to carry out their duties in that role.

Where the LWR is an SNA, 10 of the “72 hours” will be utilised by the LWR to carry out their duties in that role.

Where the LWR is a Secretary or Caretaker, a re-prioritisation of duties by school management should be carried out to afford the staff member sufficient time to carry out their duties in that role.

9. Procedure for dealing with issues that arise

Where an issue of concern is identified by the LWR (or is notified to the LWR by a staff member), the LWR should bring this to the attention of the Principal. Action points for addressing the issue should where possible be agreed between the LWR and the Principal. Staff should be informed of the outcome.

If agreement cannot be reached, the LWR may notify the Board of Management (Chairperson of the BoM in the first instance) of the issue. Action points for addressing the issue should where possible be agreed between the LWR and the BoM. Staff should be informed of the outcome.

Glossary of Terms

- **COVID-19 Response Plan:** plan designed to support the staff and BOM in putting measures in place that will prevent the spread of COVID-19 in the school environment. The plan details the policies and practices necessary for a school to meet the Work Safely Protocol, Department of Education and public health guidance to prevent the introduction and spread of COVID-19 in the school environment. COVID-19 Response Plans for Primary and Special Schools are available on the Department’s website.

- **Labour Employer Economic Forum (LEEF):** the forum for high level dialogue between Government, Trade Union and Employer representatives on matters of strategic national importance - involves the Irish Congress of Trade Unions, Government & Employers.
- **Return to Work Protocol:** national protocol designed to support employers and workers to put measures in place that will prevent the spread of COVID-19 in the workplace.
- **Safety Representative:** Section 25 of the Safety, Health and Welfare at Work Act 2005 sets out the selection and role of the Safety Representative in the workplace. The rights of the Safety Representative are set out in legislation. (Note: A Safety Representative has rights and not duties under the 2005 Act). This role is separate to the LWR under COVID-19.

14. Details of how to clean following a suspected case of COVID-19 are at **Section 7 of the Plan above**
15. If disinfection of contaminated surfaces is required, is a system in place to do this following cleaning?

16. If cleaning staff have been instructed to wear gloves when cleaning are they aware of the need to wash their hands thoroughly with soap and water, both before and after wearing gloves?

17. Have you a system in place for the disposal of cleaning cloths and used wipes in a rubbish bag? *Current HSE guidance recommends waste such as cleaning waste, tissues etc. from a person suspected of having COVID-19 should be double bagged and stored in a secure area for 72 hours before being presented for general waste collection.*

18. Have you ensured there is a system in place to make sure reusable cleaning equipment including mop heads and non-disposable cloths are clean before re-use?

19. Have you ensured there is a system in place to ensure that equipment such as buckets are emptied and cleaned with a fresh solution of disinfectant before re-use?
